# MVGR College of Engineering

Voice Agent Knowledge Base 02 — Campus, Hostel, Library, Medical & Transport

## Campus & Infrastructure

The official About page describes a 60-acre campus, about 700,000 sq. ft. built-up area, 83 laboratories and a library-area figure of 12,000 sq. ft. A separate official library resource describes the central library as 48,000 sq. ft. with 400 seating capacity. Because these are from different official pages/documents, the production KB should preserve the source and date instead of silently reconciling the figures.

## Library

- Central library and departmental library resources are documented.
- Official library information describes a reading hall, auditorium, group-discussion room and property counter.
- KOHA library-management software and integrated RFID technology are documented.
- DELNET inter-library loan access is documented.
- A separate official library document describes the central library plus twelve departmental libraries and a 48,000 sq. ft. central library with 400 seats.

## Hostel

- Official hostel information lists boys' hostels and the Maharani Vidyavathi Devi Hostel.
- Hostel pages show 3-sharing and 4-sharing room examples, dining facilities, playgrounds and gym facilities for both hostels.
- A qualified medical officer and ANM provide general medical assistance.
- The medical room is described as having two beds, a stretcher, wheelchair and medical equipment.
- The page describes Rasamyai canteen and food options.

## Transport

MVGR publishes college transport route documents connecting areas such as Visakhapatnam, Vizianagaram, Srikakulam, Bobbili, Saluru, L.Kota/S.Kota and Cheepurupalli. Route numbers and timings are date-specific. The voice agent must use the latest transport document and must not quote an old route as today's route.

| Service | Knowledge-base response |
|---|---|
| Medical | Medical officer, ANM, medical/first-aid room and first-aid kits are documented. |
| Canteen | Rasamyai canteen and food services are described on the official hostel page. |
| Library | Central/departmental library resources, RFID/KOHA and DELNET are documented. |
| Hostel | Boys hostels, Maharani Vidyavathi Devi Hostel, rooms, dining and gym are documented. |
| Transport | College transport is provided; exact route/timing must come from the latest official document. |

## FAQ

**Q:** Does MVGR have hostels?

**A:** Yes. The official hostel page lists boys' hostels and the Maharani Vidyavathi Devi Hostel, with rooms, dining and other facilities.

**Q:** Is there a medical facility?

**A:** Yes. MVGR describes a medical officer, ANM, a medical room and first-aid facilities.

**Q:** Does MVGR have a library?

**A:** Yes. MVGR has central and departmental library resources, with RFID-enabled services and digital/inter-library resources.

**Q:** Does MVGR provide transport?

**A:** Yes. MVGR publishes college transport route information. Exact current routes and timings should be retrieved from the latest official schedule.

**Q:** Can you tell today's bus timing?

**A:** Only if the latest dated transport schedule is available. Otherwise the agent should direct the student to the transport office rather than using an old schedule.
